

News of the Week.

SATURDAY, OCT. 19th 1872.

A most foolish attempt was made recently to blow up, with gunpowder, the office of the Raleigh (N.C.) Sentinel. The attempt was partially successful. The press-room was greatly damaged, a valuable press destroyed, the type thrown into confusion, and much other damage done. The press cost \$2500.

The Democratic and Liberal State Committee of Mass. have substituted Hon. F. W. Bird in place of Charles Sumner as candidate for Governor.

A suit was recently called in the Vice-Chancellor's court in London, which was begun in the year 1725—one hundred and forty years ago!

An Iowa tornado carried a house forty feet, stood it on its little roof and broke every timber in its construction. Three women who were in it at the time escaped uninjured.

Sarah Payson Willis otherwise known as "Fanny Fern," wife of James Parton, died in New York, on Friday, 18th inst.

A telegram from Paris says that the postal treaty between France and the United States will be signed at an early date.

MONDAY, OCT. 21st.

Fresh trouble is brewing on the Mexican border. A party of Texans followed a band of Mexican cattle thieves into Mexico, and attacked them at Newton. They burned the Alcaide's house, with the owner in it, and killed several Mexicans, losing two of their own number. On Monday night last, 200 armed Mexicans appeared on their own side of the river near San Felipe, and Lieut. Davidson, with a company of troops, has been sent to watch their movements.

The installation of the Right Reverend James Gibbons, as Catholic Bishop of Richmond, took place at the Cathedral in that city, yesterday, with impressive ceremonies. Archbishop Bayley, of Baltimore, and Bishop Becker, of Wilmington, Del., were present, with all the clergy of the diocese, and a number of church dignitaries from other sections. The Cathedral was thronged, and crowds outside were unable to gain admittance.

The official returns from Indiana are all in but these from Delaware and Pike counties. Accepting the previous reports from these counties as nearly correct, Hendricks will have a majority of over 2,200.

TUESDAY, OCT. 22d.

A telegram from Rochester, N. Y., announces the prevalence there of the horse disease to an alarming extent; that fully one half of the horses in the city are affected, and that a few fatal cases have occurred. The street railway companies have been compelled to take off some of their cars. Every stable has stopped business. Live horses attached to O'Brien's circus, which reached Rochester on Sunday, from Canada, is sick.

The full official returns from Pennsylvania give Hartranft, for Governor, 35, 627 majority. On the vote for Congressmen at large the Republicans have a majority of 45,909. The total vote for Governor, including 1250 for the Temperance candidate, was 672,406.

The difficulties between Brazil and the Argentine Republic cannot, it is now believed, be settled without foreign arbitration. Trouble is also brewing between Bolivia and the Argentine States, and a resort to arms seems to be not improbable. The Rev. Jean Henri Merle d'Aubigne, the celebrated historian of the Reformation, died suddenly in Geneva, Switzerland, yesterday, aged 76.

WEDNESDAY, OCT. 23d.

Cadet Robert D. Digges, of Maryland, was dismissed from the U. S. Naval Academy, on Monday last, for "hazing" a negro cadet named Conyers. It seems that Conyers was walking alone at the Naval Academy, when he was met by Digges, and a fight ensued, and the negro got the worst of it, and of course the white boy was expelled. It is not stated which was in fault, but Digges' father doesn't vote for Grant.

The Secretary of the Treasury has authorized the assistant treasurers and U. S. depositaries to commence the payment of interest maturing Nov. 1st, on Monday, Oct. 21st, without rebate. The inhabitants of the French provinces, Alsace and Lorraine, which were appropriated at the close of the late Franco-German war by the pious king of Prussia, are emigrating to America by thousands, rather than live under the hated yoke of their conquerors. It is said that some 200 families are about to settle near Alexandria, Va., and the people of that vicinity are delighted at the prospect.

The Australian telegraph line has been completed, and communication is now open with Melbourne. A despatch from that city was published in London, yesterday, but contained nothing important. "Nellie Grant" has got home. We are heartily glad and hope she will stay there, and that everything she does, says, and thinks will not be heralded abroad. "Let her have peace."

THURSDAY, OCT. 24th.

It is now stated that the Liberals of North Carolina will contest the alleged election of Caldwell, the Radical, for Governor of that State, enough frauds having already been discovered, sufficient to neutralize his apparent majority more than three times over.

The latest judicial decision of special interest to passengers on railroad cars has just been rendered at Norwich, Connecticut. A gentleman and his wife were injured in getting off a train at that place because it did not stop long enough to allow the passengers to alight in safety, and they have obtained a verdict for \$1,800.

The Columbian Union says that Hon. A. S. Wallace is re-elected to Congress from the fourth district by at least a thousand majority over Perry, democrat. So that South Carolina's delegation in the next Congress will be solidly republican. A telegram received in Washington yesterday from Mr. Bancroft announces that the Emperor William has decided the San Juan boundary case in favor of the United States.

MARYLAND FARMS W. M. KENNARD & CO.

FOR SALE,

Conveniently located, near Railroads and Rivers. Soil generally good and well improved. Terms very reasonable. Owners anxious to sell.

No. 1.—A tract containing two hundred acres, about 40 of which is under cultivation. Buildings small; timber principally white oak and chestnut. Very cheap.

No. 2.—A farm situated about two and a half miles from Massena, the junction of the Kent Co. and Q. & A. R. R., and contains about two hundred acres, mostly woodland, there being but seventy-five acres arable; would make good farming and fruit land with proper handling. Price \$200 per acre.

No. 3.—A farm, immediately adjoining Massena Junction, containing 150 acres, in a high state of cultivation; splendid three year old Peach orchard, also Apple orchard and small fruit; Buildings excellent; This farm will compete with any in the neighborhood; produced 20 bushels wheat per acre this year. Price \$100.00 per acre.

No. 4.—A farm of 324 acres, located in a pleasant neighborhood in Queen Anne's Co. Md., within two miles of Millington, a live town on the Q. & A. R. R., being about three hours ride to Philadelphia, and only three-fourths of a mile from a point where line can be delivered on the Railroad, 234 acres of same is fine arable land; produces from 30 to 50 bushels corn and 15 to 20 bushels wheat per acre, balance is well wooded with timber, which would pay one-fourth of the purchase money. Price \$12,000.00.

No. 5.—A tract containing 500 acres, mostly woodland, about 220 acres of it under cultivation; buildings good; would make an excellent farm; with sell at a very low figure, or lease for ninety-nine years.

No. 6.—A farm of about 125 acres, within a mile of Massena's Junction, very fertile, located in good state of cultivation and well adapted to the growth of grain and fruit; this is a rare chance, it belonging to several parties who are anxious to sell.

No. 7.—A farm of 92 acres, within two miles of Lambson's Station, on the Kent County R. R., immediately adjoining the village of Chester, and about two miles from Crumpton, on the Chester river, making it a very desirable location; the land is very productive. TO FARMERS.

WE call your attention to the following statement made by two of the most prominent farmers in this locality. We hope that the interest in this section will study their interest and give this Guano a trial. The Guano can be obtained on the most reasonable conditions from

J. B. FOARD, Middletown, and D. Workins, Odessa.

Middletown, Del. July 15th, 1872.

Messrs. John S. Rose & Co. Philadelphia. Gentlemen—I purchased from your Agent, (R. J. Foard), of Odessa, several tons of your Pacific Guano last spring, and applied it to my corn at the rate of one hundred to three hundred acres of land for the past fourteen years, and during that time have used a great deal of Phosphate and Guano of various kinds, but yours has done more good up to the present than any I ever tried. I left out some lands without any Guano, and look as though they would make much more than half as much corn as where I applied the Guano. If you will only keep up the standard of your fertilizer, I am sure you can sell a vast quantity here. Yours truly, E. E. COCHRAN.

Messrs. John S. Rose & Co. Philadelphia. Sirs—I have been induced by your Agent at Middletown, Mr. J. B. Foard, to try the merits of your Pacific Guano on corn this spring, and I cheerfully testify that the results have far exceeded my expectations.

I consider that your Guano is the best Fertilizer I have used, and my experience has not been in any way limited. I shall make liberal use of it on future crops, and shall use it this fall on wheat. J. B. FENIMORE, Middletown, Del. Aug. 24—11.

VINEMAR BITTERS

J. WALKER, Proprietor, 41 N. McDONALD & Co., Druggists and Chemists, 100 N. Second St., Phila., and 22 N. Commerce St., N. Y.

BEWARE OF IMITATIONS.

They are not a vile Fancy Bitter, made of Poor

Sham, Whiskey, Proof Spirits and other

Ingredients, doctored, spiced and sweetened to please the

taste, called "Tonic," "Appetizer," "Restorer," &c.,

that lead the tippler on drunkenness and ruin, but are a

true Medicine, made from the native roots and herbs of

California, free from all Alcoholic Stimu-

lants, and the GREAT REMEDY FOR

FEVER AND A LIFEGIVING PRINCIPLE,

a perfect Restorer and Invigorator of the System,

carrying off all poisonous matter and restoring the blood

to a healthy condition. No person can take these Bitters

according to directions, and remain long unwell, provided

their bones are not destroyed by mineral

poison or other means, and the vital organs wasted

beyond the point of repair.

They are a Gentle Purgative as well as a

Tonic, promoting also, the peculiar merit of acting

so powerfully on the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in

young or old, married or single, these Bitters have no equal.

For Indurated and Chronic Rheuma-

tism and Gout, Dyspepsia or Indigestion,

Biliousness, Remittent and Intermittent Fe-

vers, Diseases of the Blood, Liver, Kid-

neys and Bladder, these Bitters have been most

successful. Such Diseases are caused by Vitiated

Blood, which is generally produced by derangement

of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Head-

ache, Pain in the Shoulders, Coughs, Tightness of the

Chest, Dizziness, Sour Eructations of the Stomach,

Bad Taste in the Mouth, Biliousness, Papularities of the

Heart, Inflammation of the Lungs, Pain in the

regions of the Kidneys, and a hundred other painful

symptoms are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid

Liver and Bowels, which render them of unequalled

efficiency in cleansing the blood of all impurities, and

imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt

Rheum, Itches, Spots, Pimples, Pustules, Boils, Car-

uncles, Ring Worms, Scald Head, Sore Eyes, Erysipela-

tic Itch, Scars, Discolorations of the Skin, Humors and

Diseases of the Skin, of whatever name or nature are

literally dug up and carried out of the system in a short

time by the use of these Bitters. One bottle in such

cases will convince the most incredulous of their curative

effects.

Cleanse the Vitiated Blood whenever you find its im-

purities breeding through the skin in Pimples, Eruptions

or Bores; cleanse it when you find it obstructed

and sluggish in the veins; cleanse it when it is foul,

and your feelings will be relieved, and the blood

pure, and the health of the system will follow.

Thin, Pale, and Weak, are the result of the

system of many diseases, are effectually destroyed

by the use of these Bitters. They cleanse the blood

of all impurities, and carry them out of the system in a

short time by the use of these Bitters. One bottle in such

cases will convince the most incredulous of their curative

effects.

Hold by all Druggists and Dealers.

TESTIMONIAL.

Middletown, Del. Sept. 1871.

E. E. COCHRAN, Esq.—Dear Sir—It gives me

pleasure to state that the 8,500 peach trees pur-

chased from you four years ago have turned out

as represented in every particular. They are

large and healthy and the fruit this season was

of superior quality and very abundant. The

same number of trees purchased of you last fall

are also healthy and doing well.
